EXPERIENCE

May 2025 – CONTINUE

FRONT END DEVELOPER | NANOLIX DIGITAL ISLAMABAD (REMOTE)

Front-end developer specializing in building fast, scalable, and SEO-friendly web applications using **Next.js** and **Headless WordPress**. Proficient in integrating WordPress REST API with dynamic frontend architectures. Strong command of **HTML**, **CSS**, **JavaScript**, **React**, and **Tailwind CSS**, with a focus on responsive design, performance optimization, and clean code structure. Experienced in building custom components, server-side rendering, and static site generation for improved UX and SEO.

Core Responsibilities:

- Develop high-performance, SEO-optimized websites using Next.js App Router and Headless WordPress.
- Consume and display WordPress content (posts, pages, custom post types, ACF fields) via REST API.
- Design responsive UIs using Tailwind CSS and Bootstrap, ensuring cross-device compatibility.
- Build modular, reusable React components for scalable front-end architecture.
- Handle dynamic routes and fallback pages in Next.js for blog, project, and service templates.
- Integrate third-party tools like Swiper.js, React Hook Form, and Formspree for enhanced functionality.
- Ensure accessible, mobile-first email templates that follow best rendering practices.
- Optimize Lighthouse performance scores through image optimization, lazy loading, and asset.

May 2024 – MARCH 2025

FRONT END DEVELOPER | TECHRIV SOLUTIONS

Skilled front-end developer with expertise in creating responsive, high-quality web pages and email templates. Proficient in HTML, CSS, JavaScript, jQuery, and Bootstrap, ensuring cross-platform compatibility and mobile responsiveness for optimal user experience.

Core Responsibilities:

- Design and develop responsive web pages aligned with modern UI/UX principles.
- Implement and test email templates with mobile-first approaches.
- Optimize and enhance user interactions using HTML, CSS, and JavaScript.
- Leverage Bootstrap for efficient, consistent styling and responsive layouts.
- Collaborate on and integrate dynamic functionalities with jQuery.
